

Affinity Senior Care Pricing Schedule

This document provides a guide to the services and support available from Affinity Senior Care. We are able to discuss options that are not listed, as we personalise care to the unique needs of those we serve.

The pricing in this document is for services that are provided by one Affinity Senior Care partner. Services requiring multiple partners are charged per person at the relevant rate.

Please note the following:

- This pricing is from the 1st January 2023 and exclusive of GST for home care package and healthcare services.
- Services within regular hours are billed for one hour, then in 15-minute increments after that which will be one quarter of the hourly rate.
- Services outside of regular hours or on Public Holidays may attract a minimum three-hour service charge.
- Services involving client travel are billed, in addition to the applicable service rate for a partner, at \$1.10 per kilometre, unless using the client's car.
- Care management that is additional to the provision in a Home Care Package will incur additional charges.
- Any cancellations with less than 24 hours' notice will incur a charge of the full fee.

Home Care Package Commencement and Reviews

Please note that we conduct a baseline health assessment of all clients when commencing a home care package and during review periods. A baseline assessment may identify clinical concerns requiring additional assessments which will be discussed. Assessments are completed by a registered nurse as per the hourly rate.

Care Management Fees

Care management is a mandatory service which we are required to provide and includes:

- Regularly assessing the needs, goals and preferences of care recipients
- Reviewing home care agreements and care plans
- Ensuring care and services align with other supports
- Partnering with care recipients, families or carers with regard to care
- Ensuring care and services are culturally safe
- Identifying and addressing risks to a care recipient's safety, health and wellbeing

Package Management Fees

Package management is a service that supports delivery of a Home Care Package and covers administrative activities that are required and includes:

- Establishing and managing home care budgets
- Coordinating and scheduling services and workers
- Preparing invoices and monthly statements
- Ensuring completion of compliance, regulatory and assurance activities

Basic Daily Fees

Affinity Senior Care does not charge a Basic Daily Fee if your Home Care Package (HCP) meets your needs for care, support and services. We will discuss these fees with you if your HCP does not have all of your requirements in your care plan. These fees are capped by the Federal Government.

Income Tested Fees

The Income Tested Fee (ITF) is an extra contribution that some people pay, unless on a full government pension. This is determined by the government through an income assessment, and is different for everyone.
